YOUR HANDS MAKE THE MAGIC

Coloring the Celestial Oracles Cards offers a uniquely personal process of self-reflection and expression. What meanings do the keywords and illustrations have for you? What kind of energy will you infuse the cards with, as you bring them to life with your hands? Which colors will you choose?

As you fill in the designs, imagine your positive intention being embedded into the card, flowing down through your fingers and into the paper with the colors you use.

This is where the magic happens. ✨

Preparing your cards

DIVIDE THE PAGE

Carefully remove the pages from the book when you are finished embellishing them, and cut along the center dotted line.

FOLD AT DOTTED LINE

Pre-fold your card front and back, following the dotted line. This will make the next step much easier to accomplish!

GET YOUR GLUE STICK!

Apply a thin layer of glue to the back side of the paper. Then re-seal following the fold line you already made.

TRIM TO PERFECTION

Once the glue is dried, simply trim the cards following the dotted line on the back side of the card. Ta da!

WHAT PEOPLE ARE SAYING

Works like a charm!
- Aughra

*Perfect for my witches group!
We had such an amazing time both in making and working with these cards.*
- Glinda

I love having the second set of cards as a backup. With my clumsy hands, it's nice to know there's a second chance to get my cards just right.
- Edward
